THE PHILIPPINE WAR.

Aguinaldo's Capture Regarded as Beginning of the End.

A CHANGE EXPECTED

Matters That Pertain to Necessary Legislation Can Now Be Taken up. Aguinaldo Confers With His Old Cabinet Officers.

Washington, March 29.—Another important dispatch has been received at the war department from General MacArthur at Manila. It does not refer to Aguinaldo or Funston, but in the opinion of the department officials it went far to support the prediction made by General MacArthur in a former dispatch relating to those two leaders to the effect the end of the rebellion is near at hand. This dispatch chronicles the surrender of considerable additional number of rebels and military arms and the most important feature is that the surrender marks the complete stamping out of the insurrection in the island of Mindanao, which is next to Luzon, the largest island in the Philippine group.

OFFICIALS SATISFIED.

Believe the Capture of Aguinaldo the Beginning of the End.

Washington, March 29.—The capture of Aguinaldo is generally regarded at the war department and by administration leaders as putting an end to organized rebellion against the United States in the Philippines. The question is soon likely to be taken up whether the control of business in the dependencies shall not be brought under the head of a single department, equipped with experts capable of giving intelligent study and their entire time to reform in the administration, the finances, the monetary system and the judiciary of all the islands acquired from Spain. This work is now scattered among several independent heads, without being the exclusive work of any department.

Secretary Root is giving a great amount of attention to the progress of the military campaign in the Philippines under the war department and at the same time is studying measures to improve the civil condition of the islands. He has also practical charge of Cuba while the American occupation continues. There are several very important subjects in relation to the Philippines which have been held in abeyance pending the restoration of orderly government. Some of them almost require specific legislation by congress in order to be settled in a permanent and satisfactory manner, but it is the intention of the administration to take the best action possible under the blanket authority conferred by the Spooner amendment to the army appropriation bill.

One of these matters is the reform of the coinage which is causing no end of disturbance at Manila. The supply of silver in the country began to disappear when large amounts of money were required for the operations of the united forces of the powers in China. The result was to raise the Mexican silver dollars, forming the bulk of the currency, to a higher value than that assigned them in American gold and to cause their free exportation, against the protests of the army officers and some of the members of the Taft commission.

The great franchises for the development of the resources of the islands and the construction of railways are also important subjects which will soon be taken up. Action on these matters has been greatly fettered by the amendment which Senator Hoar offered to the army bill nullifying such franchises after a year, but the authority given to grant them where the interests of the islands will suffer if they are not granted, may justify some action by the administration and by the new civil government to put the Philippines upon the basis of other civilized countries.

The administration will endeavor to collect data before the opening of another session of congress which will explain all the legislation required. Expert advice is likely to be sought, which will enable congress to act promptly and efficiently when such matters are finally taken up.

CAPTURE OF AGUINALDO.

The Plan of Funston Carried Out Almost to the Very Letter.

Manila, March 29.—The plans of General Funston to capture Aguinaldo were carried out to the letter, but just before the camp of the insurgent leader was reached it looked as if the plans would fail and that some strategy must be adopted and that quickly. Aguinaldo had ordered that the Americans, which he believed were prisoners, be turned over to his body guard and that they should not be allowed to enter

Palanan, but taken by his men to his camp. This was cleverly avoided. When the Funston expedition arrived at the camp 50 men of Aguinaldo's household lined up to receive the "American prisoners," the "prisoners" being in the rear. The natives with Funston, to whom was expected to carry out the plot, entered the house where Aguinaldo was.

Suddenly the Spanish officer, noticing that Aguinaldo's aide was watching the Americans suspiciously, exclaimed: "Now, Macabees go for them." The Macabees opened fire but their aim was rather ineffective and only three insurgents were killed. The rebels returned the fire. On hearing the firing Aguinaldo, who merely thought his men were celebrating the arrival of reinforcements, ran to the window and should: "Stop that foolishness, quit wasting ammunition."

Hilario Placido, one of the Tagalo officers and a former insurgent major, who was wounded in the lung, by the fire of the Kansas regiment at the battle of Calococan, threw his arms around Aguinaldo, exclaiming: "You are a prisoner of the Americans."

Colonel Simeon Villa, Aguinaldo's chief of staff, Major Alambra and others attacked the men who were holding Aguinaldo. Placido shot Villa in the shoulder. Alambra jumped out of the window and attempted to cross the river. It is supposed that he was drowned. Five other insurgent officers resisted for a few minutes and then fled, making their escape.

When the firing began, General Funston assumed command and directed the attack on the house, personally assisting in the capture of Aguinaldo. The insurgent body guard fled, leaving 20 rifles.

Santiago Barcelona, the insurgent treasurer, surrendered without resistance.

When captured Aguinaldo was very excited, but he calmed down under Gen. Funston's assurance that he would be well treated. General Funston secured all of Aguinaldo's correspondence, showing that he had kept in close touch with the sub-chiefs of the insurrection in all parts of the archipelago.

Aguinaldo admitted that he had come near being captured before, but he asserted that he had never been wounded, adding, "I should never have been taken except by a stratagem. I was completely deceived by Lacuna's forged signature."

He feared he might be sent to Guam, and he was quite glad to come to Manila.

Palanan was guarded by numerous outposts and signal stations. During the fight none of the Macabees were wounded.

The expedition rested March 24 and then marched 16 miles the following day to Palanan bay where General Funston found the Vicksburg, which brought him to Manila.

SEE OLD ADVISERS.

Aguinaldo Talks With Former Cabinet Officers and Other Filipinos.

Manila, March 29.—Aguinaldo has conferred in the Tagalog language at the Malacanang palace with several former members of his cabinet and other prominent Filipinos, whom he asked to see. They explained to him the hopelessness of the insurgent cause and advised him to use his influence to establish peace and for the recognition of American sovereignty. The result of the conferences is as yet unknown.

The first execution in Manila under American rule took place Tuesday at Fort M. late, where five natives were hanged for the murder of Archibald Wilson, an Englishman, superintendent of the waterworks. The motive for the murder was robbery.

Twelve thousand Filipinos have taken the oath of allegiance to the United States at San Vicente, South Ilocos province.

Funston a White Elephant.

Washington, March 29.—Gen. Funston's reward will be as much a "white elephant" on the hands of the administration as Aguinaldo. The fact is not so much a question of what is to be done with Aguinaldo as what is to be done for Funston.

Denies It Is Aguinaldo.

Paris, March 29.—In an interview with Regidor Jubado, who claims to be the Filipino agent in Europe, and published here, he says he has received the following cablegram from New York: "According to precise information, the man captured is not President Emilio Aguinaldo, but Baldomero Aguinaldo, chief general of his staff, and Emilio's cousin."

Martignelli a Cardinal.

Rome, March 29.—The pope has commissioned Count Colaschicchi of the noble guard to convey to Monsignor Martignelli, papal delegate to the United States, his nomination as a member of the Sacred college of Cardinals. It has been announced that Monsignor Martignelli, despite his elevation to the college

London, March 29.—A dispatch from St. Petersburg says the Czar administered a severe reprimand to Prince Viasemsky, a member of the council of the empire, for having interfered with the orders of the police on the occasion of the recent riots.

Child Burned to Death.

Rockport, Mo., March 29.—The 3 year-old daughter of Walter Reeder was burned to death here. The mother left the child alone only a few minutes, and on her return found the bed on fire and the child so badly burned that it died.

as a candidate for the office of alderman of the city of Bryan at the ensuing April election.

NOTICE.

Obituaries, accounts of society events and other matters that interest only a limited number of people cannot be given space gratuitously in the columns of the Eagle. This includes obituaries written by friends of deceased, resolutions published by lodges, accounts of private entertainments, suppers, etc. This is not intended to entirely bar notices of such matters. The publishers are pleased to have these matters called to their attention for appropriate notice in the paper either by personal request, note or telephone, but long articles of the class mentioned cannot be printed without charge as for advertisements or other matters of interest to only a few persons.

Some of the boys have been unkind enough to suggest that Aggy wanted to be captured and stood in with Freddie on the deal.

The Texas Legislature has spent weeks of tedious debate over the bill to establish an industrial school for girls. This subject has been before the people of the state for two years and had been thoroughly discussed, and the wishes of the people perfectly understood. There was no necessity for spending more than two days in considering the matter. The question of its location is the feature that has unprofitably consumed the time of the two houses. More than a dozen places want the institution, and each place has two or more champions on the floor, who would rather see the measure defeated than that the location should go elsewhere. If these wise (or otherwise) men had the interest of the State and the girls at heart, they would only consider the suitability of the location, and the greatest amount of facilities at the least cost to the State. But the ways of our deliberative bodies are inscrutable, and sometimes whimsical.—Farm and Ranch.

The capture of Aguinaldo affords Dewey another opportunity to get into the papers. Dewey, it will be remembered, is the man who sunk the Spanish fleet in Manila bay and subsequently took a wife, had a home given to him and indulged in presidential aspirations.

Funston deserves all the honors he is likely to receive as a reward for the capture of Aguinaldo. He is a daring military genius and will doubtless jostle many plodders of the regular army out of the line of promotion.

J. C. Wilcox.

Mr. J. C. Wilcox died Wednesday, March 27, at 1:30 a. m., at his home near Iola, and was buried Thursday morning at 10 o'clock. Mr. Wilcox got a fall about two weeks ago, and from the injury then received, combined with typhoid pneumonia, his death ensued. Mr. Wilcox was a brother of Mr. F. S. Wilcox of Bryan, and leaves a wife and four children. He had a host of friends and his funeral was largely attended.

TEXAS LEGISLATURE.

The House Refuses to Rescind the Adjournment Resolution.

AN EXTRA SESSION.

The Governor Notifies the House He Will Call One in August—Numerous Bills Disposed of by the Lower House.

Austin, March 29.—The Texas legislature had a busy day yesterday. The house voted down a motion to rescind the joint resolution to adjourn on April 9 and unless some unexpected action is taken the legislature will adjourn on that date.

The governor has notified the house that if the legislature adjourned on April 9, he would call a special session in August for the purpose of making appropriations for two years, beginning on Sept. 1 next, and also for the purpose of reappointing the state into congressional, senatorial, representative and judicial districts.

The house had a stormy session and at times the chairman was unable to keep order.

Many bills were finally passed and engrossed by the house. Among those finally disposed of were:

Prohibiting blacklisting.

Providing that in appeals from justices' and other inferior courts to the county commissioners' court in criminal cases, the defendant shall be required to give only an appearance bond.

Conferring police powers over railroads upon the railroad commission.

Requiring disinfection of vessels arriving at any port in the state.

Fixing the legal weight of peaches, apples and tomatoes per bushel.

For the relief of Greer county teachers.

Providing for the formation of mutual fire insurance companies.

Numerous local bills were also passed.

Bill relating to the extension of the city limits of Lampasas.

Bill authorizing the city of Bryan to sell certain property.

Bill providing a road system for Rush and Brazos counties.

Bill extending the time for payment of taxes in the storm stricken counties till Feb. 1, 1902.

Bill relating to the Twenty-Second judicial district.

Bill providing a road system for Grayson county.

The senate finally passed the Goss land bill, moving the lease line further west with some amendments.

Mr. Lloyd secured the engrossment and final passage of his bill requiring persons who have been exposed to small pox to be vaccinated.

Mr. Harris of Bexar, had engrossed and finally passed his bill creating a state board of embalming.

Liquor Bill Missing.

Austin, March 29.—The senate anti-liquor bill is missing. This bill, which is designed to prevent the shipment of liquor into local option precincts, was pending business on second reading when the senate adjourned Wednesday night. When the senate began work Thursday the bill was not found. Probably it has been mislaid and may yet be found.

To Admit All as Veterans.

Chattanooga, March 25.—The N. B. Forrest camp of Confederate veterans is preparing a new constitution and by laws, which will allow all sons and grandsons of Confederate veterans to become members of the organization. An effort will be made to have the convention at Memphis in May adopt the plan so as to make it a national law of the organization. It is thought this if adopted, may merge the organization of Sons of Veterans into the United Confederate Veterans and dissolve the individuality of the Sons' camps.

Killed by Indians.

Phoenix, A. T., March 29.—It is reported that a party of gold seekers were massacred by Coris Indians on the island of Tiburon in the Gulf of California. Two weeks ago six Mexican prospectors left Tepopa on the west coast of Mexico in a small boat and went to Tiburon island in search of gold. Pedro Parquila, one of the party, has reached the mainland in a small boat and reported a fierce fight with the Indians. He escaped and he believes his companions were killed.

Confederate National Guards.

Nashville, March 29.—Forbes' bivouac United Confederate Veterans of Clarksville, is seeking membership in the National guards and their efforts probably will be successful. If the programme is carried out Forbes' bivouac will be the third organization of ex-Confederates in the south to be made part of the national guard.

A New Counterfeit.

Washington, March 29.—Chief Wilkie of the secret service, has announced that a new and improved issue of counterfeit \$5 silver certificates series of 1899, portrait of Indian Chief Oneopapa, discovered Oct. 3 1900, has appeared in circulation. The check letter and plate number has been changed from B 20 to A 32.

Named After Carnegie.

Atlanta, March 29.—The street committee of the city council has decided to change the name of Church street to which the new Carnegie library is situated to Carnegie Place.

STARS AND STRIPES.

Two Tons Ordered for Use of the Puerto Ricans on Fourth of July.

Chicago, March 29.—American flags—nearly two tons—have been contracted for by the Chicago, with "rush orders," that on July 4 the red, white and blue may flutter from every schoolhouse in Puerto Rico, teaching the lesson of Independence Day to young and old alike in the island. The plans of the government are that by the end of the year the flag will be a familiar sight to the towns and villages of the Philippines.

The order of the government calls for flags of all sizes—Small ones, that the school children can wave from windows or carry through the streets and into their homes, and large ones to float from flagstaves and building roofs over the heads of marching troops and citizens on the day they are learning to celebrate. Each island prototype of the little red schoolhouse will have a complete outfit of the national flag. There will be flags for the pupils, a flag to drape above the teacher's desk and a flag to flutter over the schoolhouse yard.

This purpose of the government in Washington in giving this order to secure sufficient flags to supply every place on the island devoted to education purposes that patriotism may be installed in the minds of the pupils, by sight as well as by teaching.

Similar arrangements, it is understood, are underway for the placing of a large order of flags for the Philippines.

Chances Against Any Strike.

Wilkesbarre, Pa., March 29.—The executive board of the anthracite district and President Mitchell of the United Mine Workers are holding an executive session. Before the meeting Mr. Mitchell said the chances were there would be no strike.

Wage Scale Ratified.

Pittsburg, March 29.—The coal miners of the Pittsburg district in convention ratified the wage scale signed last week by the wage committee. This action insures steady employment for more than 20,000 men in this district for the coming year.

Says Treaty Will Be Signed.

St. Petersburg, March 29.—It is probable the Russian-Chinese Manchurian treaty will not be signed before Monday or Tuesday at the earliest. The delay is due to the dilatoriness of the Chinese government or to the natural difficulties of communication between the Chinese court, Peking and St. Petersburg. It is believed the indisposition of Yang Yu, the Chinese minister at St. Petersburg, will not prevent him from going to the foreign office when invited to do so.

Cancer Cause by a Parasite.

Buffalo, March 29.—"Cancer is caused by an animal parasite, which we have identified and located in the New York cancer laboratory," said Prof. H. R. Gaylord, of the University of Buffalo, who has charge of that laboratory. A peculiar feature concerning this parasite is the length of time that is required to develop a culture and this, Prof. Gaylord said, accounted for the failure to fully identify it before.

Cudahy Kidnaping Case.

Omaha, March 29.—James Callahan waived preliminary hearing in the district court today on a revised complaint in connection with the Cudahy kidnaping case. The trial was set for April 22. Callahan's lawyers, it is said will offer as testimony the deposition of H. C. Henderson the Dallas man who, it is alleged, has confessed to the complicity in abduction.

Wallert Hanged.

Henderson, Minn., March 29.—Theo. Wallert was hanged here early this morning for the murder of his wife and four stepchildren. The tragedy was the result of a family disagreement.

James Stephens Dead.

Dublin, March 29.—James Stephens, the well known Fenian leader of the 1866 movement, died here.

Negligees Shirts for Spring 1901.

Our stock of Neglige Shirts for this spring and summer is by far the largest we have ever shown, and the patterns are undoubtedly the handsomest.

There is more value in our DOLLAR SHIRT than you could reasonably expect for the price, but that is a habit of ours we always give just a little more than a dollars worth of quality for a dollars worth of cash, rather do that than take any risk, you get the benefit of the doubt. The patterns in this dollar line are about the swellest you ever saw, wide and narrow stripes of blue, pink, black, and Heliotrope, also plain white with neat raised card effect and plain white with wide box plaits. We are also showing a beautiful line of shirts in the celebrated MANHATTAN MAKE, which is beyond a doubt the best and most popular line of high grade shirts manufactured, every body knows this even our competitors.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration, Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

The suggestion has been made that the Business League take steps to have the New York business men and Capitalists who are to tour Texas stop off at Bryan for an hour or two and investigate the opportunities for investment here. The suggestion is a good one and might be the means of securing a cotton mill or other manufacturing enterprises of which we stand greatly in need.

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will so strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

WINE OF CARDUI

Townsend, Ga., May 18, 1899. I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Theodor's Black-Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.

THE ART GALLERY.

A Card of Thanks in Behalf of the Ladies.

[This excellent article from the pen of a Bryan lady, was a splendid review of the art exhibition by the ladies of Bryan at the K. of P. hall last week, as well as a card of thanks; but its length precluded its publication in The Eagle. These extracts are published with apologies to the art lovers, for the dissipation of the original article, but which was necessary to meet the exigencies of making a newspaper.—Editor.]

The long expected traveling picture gallery has come and gone. In this instance it was not the anticipation alone that made the blessing dear, for with the realization came the fulfillment of at least one of the aims which prompted the idea of joining the Art League; that was to create the desire to urge the study of art history and criticism and to make an effort to arouse interest in the movement for art in the public schools.

Among the pictures exhibited last week at the K. of P. Hall, there were some very beautiful water colors, painted, some by Miss Douglas, some by Dwight Williams and some by C. H. Cox of Waco of whom all Texans are justly proud.

There were copies from the antique—Venus de Milo, "despoiled yet perfect;" of masters of modern times; of Rembrandt that greatest and most admirable of painters—the only

man, said Sir Joshua Reynolds, who could paint a wrinkle. At his shrine we noticed many art lovers, lingering longingly.

The Club is hopeful that next year the collection will even surpass the one that has just been sent on to rejoice the art loving souls of the club next in order.

On last Friday morning several ladies representing the Shakespeare club and the Woman's Reading club attended a reception given at the hall—and, although the number was small when the object was taken into consideration, those who did come to do reverence were appreciative of not only the copies of the immortal Murillo, Angelo, Rembrandt, Millet, etc., but of many of the water colors—especially the work of Mr. Cox.

We cannot find words to express our gratitude toward the gentleman of that mysterious order, the Knights of Pythias—for their generosity in allowing us the use of their hall, in which to exhibit the pictures.

Thanks are due especially to Messrs. DeMaret, Ed Saunders and Floy Dansby, the latter two gentlemen having assisted in the arrangement of the pictures and in many ways contributed to the success of the Art Levee.

To the Public.

This is to give notice that no receipt for money due and no purchases or orders made on account of the Bryan Water, Ice, Light and Power Plant will be recognized, unless signed or made by J. N. Cole, treasurer, or by the superintendent, W. H. Herman.
